IAEOGS 2026

Qatar National Convention Centre (QNCC)

October, 2026

IAEOGS 2026 to convene world-class speaker faculty of global, regional and domestic energy leaders

IAEOG Summit agenda to address key topics, including; Energy access, Local content, LNG security, decarbonisation, hydrogen and ammonia market growth, carbon pricing, and clean energy investment

It would feature panel discussions, presentations, exhibitions, high-level CEO dialogues, policy roundtables, and investor-led sessions shaping the future of Africa's energy system and of the wider region and a charity golf tournament, award presentations, tours and a host of others.

The super hybrid event is an independent initiative in support of the AfCFTA drive to contribute to establishing regional value chains in Africa, enabling investment and job creation in the continent. The ultimate goal of the summit is to create a platform for global trade, intra-Africa trade and guarantee energy security in Africa.

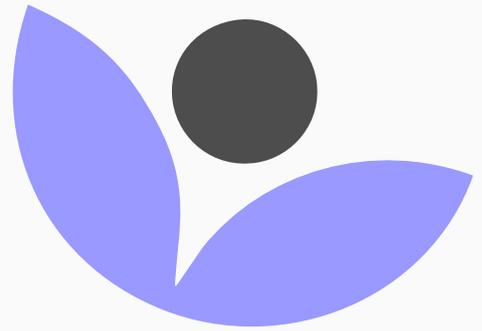

The overall mandate of the AfCFTA is to create a single continental market with a population

of about 1.3 billion people and a combined GDP of approximately US\$ 3.4 trillion. According to recent reports Intra-African trade is still below 15% despite efforts to promote it through initiatives like the African Continental Free Trade Area (AfCFTA). Increased intra-African trade is seen as crucial for regional development, as it can lead to economic diversification, job creation, and increased competitiveness, this is what the summit seeks to achieve.

IAEOGS 2026 is a major gathering for the energy, oil and gas industry, drawing participants from various sectors. High-level delegates, including government officials, industry leaders, and international representatives, attend the summit. The event focuses on discussions, networking, and deal-making opportunities, fostering collaboration and sustainable development within the oil and gas sector.

Theme:
Harnessing the Potential for Inclusive Energy
Transition and A Sustainable Future

2022

@ Intercontinental Hotel,
Angola

22nd - 23rd
October, 2022

Theme:

Balancing the need for smooth Energy Transition in

Africa and the role of Artificial Intelligence in the Energy Sector

2026 Summit Overview

- High-level panel discussions
- Expert presentations
- Exhibitions of cutting-edge energy technologies
- Golf Tournament
- Award Presentations
- Tours and much more.

“

IAEGOS 2026 is where the brightest minds, boldest ideas and cutting-edge technologies converge to shape the future of Africa's power, energy, oil and Gas.

EVERYONE IS WELCOME BUT PARTICULARLY:

Government Officials and Policymakers

Shaping national and regional energy policies, regulations, and investment frameworks.

Global Investors and Financial Institutions

Seeking bankable and high-impact investment opportunities across Africa's energy sector.

Energy Associations and Industry Leaders

Driving innovation, market development, and cross-sector collaboration.

Technology Providers and Energy Service Companies

Delivering cutting-edge solutions across generation, transmission, distribution, and energy efficiency.

Academic and Research Institutions

Advancing research, innovation, capacity building, and knowledge dissemination to support Africa's energy transition.

Strategic Outcomes of Your Participation

IAEOG Summit agenda to address key topics, including; Energy access, Local content, LNG security, decarbonisation, hydrogen and ammonia market growth, carbon pricing, and clean energy investment

- 1 Access to unprecedented investment opportunities in Africa's energy, oil, and gas sector.
- 2 Direct engagement in 500+ curated B2B and B2G meetings, facilitating deal-making and partnerships.
- 3 Opportunity to secure a share of \$1 billion+ projected investment deals during the summit week
- 4 Networking with over 1,000 delegates, 250 exhibitors, and 200 speakers from 45+ countries
- 5 Participation in high-level policy dialogues and sector-focused panels shaping Africa's energy future.
- 6 Brand strengthening through exhibitions, sponsorships, and recognition opportunities.
- 7 Visibility for your organization at Africa's premier energy investment platform, supported by governments and industry leaders.
- 8 Exposure to local and international financiers, project developers, and policymakers.
- 9 Contribution to Africa's socio-economic development and inclusive energy transition.

Editor -in-Chief, African Peace Magazine, UK with **Maureen Hinda**; Managing Director, National Petroleum Corporation of Namibia.

Editor -in-Chief, African Peace Magazine, UK with **Carlo McLeod**; Deputy Head, Upstream Petroleum Unit, & Deputy Special Adviser to Namibia President.

IAEOGS Objectives

The International African Energy, Oil and Gas Summit (IAEOGS) 2026 is more than a gathering of industry players, it is a catalyst for Africa's transformation. With the theme **"IGNITING AFRICA'S ENERGY FUTURE"**, the summit seeks to confront Africa's urgent energy challenges head-on, ensuring that vast natural resources translate into socio-economic development and poverty alleviation. Its objectives are –

To unite global financiers, developers, and industry leaders in shaping Africa's energy, oil, and gas landscape.

To attract foreign and local investment into Africa's energy sector, particularly Namibia's emerging oil and gas frontier.

To provide a platform for business-to-business and business-to-government engagement

To serve as a bridge between African companies and international counterparts for partnerships and collaboration.

To facilitate dialogue on energy transition, local content, infrastructure development, and climate finance.

To honor innovation, leadership, and sustainable practices in the African energy sector.

To accelerate energy access and localize value chains for sustainable socio-economic growth.

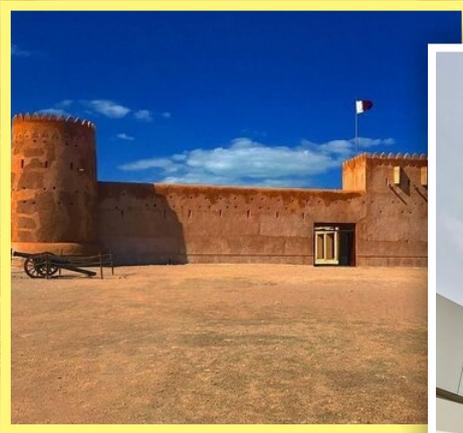

To showcase Africa's energy opportunities under AfCFTA, strengthening continental trade and integration.

To promote inclusive development through initiatives like the Charity Golf Tournament supporting youth entrepreneurship and technical education.
